

COMMUNITY ENGAGEMENT AUDIT

Strengthening community engagement

ABOUT THE AUDIT TOOL

Our Community Engagement Audit Tool offers a practical and thorough approach for organisations to assess and enhance their engagement practices. It's designed to give a comprehensive view of how community engagement is embedded within your organisation, covering everything from the culture of engagement to the practicalities of project delivery.

Why do a community engagement audit?

- Measure your current engagement practices against set standards.
- Identify actionable insights and areas for growth to enhance community engagement.
- Demonstrate a dedication to continual improvement and effective community engagement.

HOW IT WORKS

Go to the [Community Engagement Audit tool](#) on the Viv Warren Consulting website.

Register to receive access to the audit tool.

Read the Instructions.

Use the tool to audit community engagement and gather evidence.

Download your report and present your findings to decision-makers.

Have your findings independently validated and receive customised recommendations (optional extra).
